Retest report contents

This report is separate from the original audit report and records post-remediation verification outcomes.

Retest summary

Cycle metrics, result distribution, and severity distribution

3

Cycle details

Source report, request dates, completion state, and notes

4

Retest items and evidence

Issue-by-issue verification result, mappings, selectors, notes, and screenshots

5+

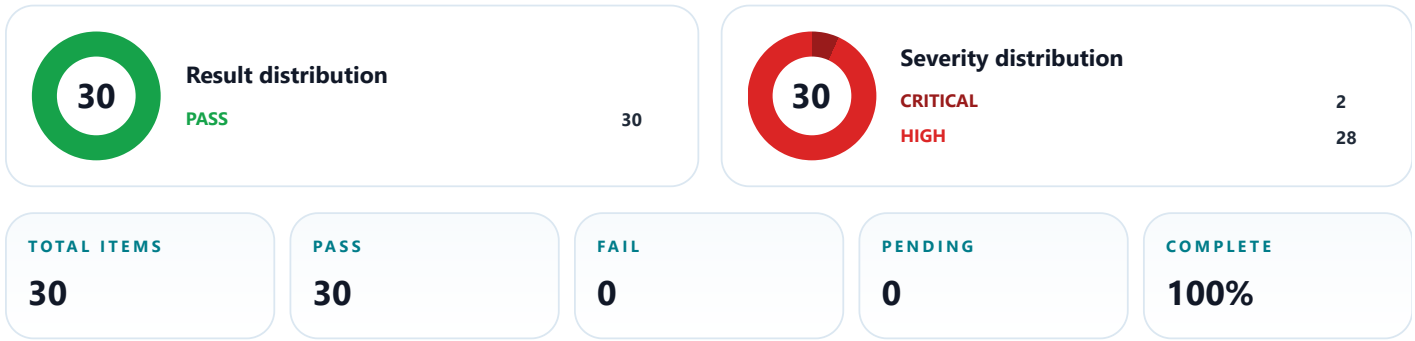

Sign-off

Auditor sign-off state and notes

Final

Cycle snapshot

Result distribution for issues selected from the delivered audit report after client remediation.

Retest basis

The retest cycle is linked to the delivered source report and selected report findings.
